

Dulverton Deaths – Mr Michael Harker, The Coroner for Somerset has reported on the deaths of Richard Claverhouse (30), his wife Jennifer Claverhouse (26) and their daughter Gwendolyn (1) formerly of Northmoor House, Dulverton.

The verdicts reported are that Jennifer Claverhouse killed herself whilst the balance of her mind was disturbed, whilst Richard and Gwendolyn suffered unlawful killing.

“This was a tragic end to the lives of a young family. Whilst they had significant financial difficulties, they were receiving support from their relatives, members of the Northmoor family. It is hard to know what more could have been done to assist them further.”
